3complete is the essential source for all 3Com products and information. We are committed to providing exceptional levels of advice and technical help. We can offer a range of 3Com services including consultancy, installation and maintenance. The 3complete web site includes a secure purchasing catalogue where products can be bought on line. Our range of 3Com products includes routers, switches, interface cards, wireless products, telephony solutions, security devices and network management software. In addition to the 3Com range, we also offer UPS products from APC and Emerson Network Power (Liebert), and we have two micro-sites focussing on these areas at [www.apczone.co.uk](http://www.apczone.co.uk) and [www.upszone.co.uk](http://www.upszone.co.uk). We also supply a range of accessory products including cables, cabinets, media converters, surge protection, fibre leads, etc.
